## TROPICAL CYCLONE BULLETIN NO. 1

### Tropical Depression "JOLINA"

Issued at 5:00 AM, 6 September 2021

Valid for broadcast until the next bulletin at 11:00 AM today

TROPICAL CYCLONE WIND SIGNALS IN EFFECT			
TCWS No.	Luzon	Visayas	Mindanao
<b>1</b> (Strong winds prevailing or expected within 36 hours)	-	Eastern Samar	Dinagat Islands, Siargao Islands, and Bucas Grande Islands

HAZARDS AFFECTING LAND AREAS
<b>Heavy Rainfall</b> In the next 24 hours, "JOLINA" may bring moderate to heavy rains over Eastern Samar, Dinagat Islands, and Surigao del Norte including Siargao and Bucas Grande Islands. Under these conditions, isolated to scattered flash flooding and rain-induced landslides are possible especially in areas that are highly or very highly susceptible to these hazard as identified in hazard maps.
<b>Severe Winds</b> Strong winds (strong breeze to near gale conditions) with occasional gusts will be experienced in areas where Tropical Cyclone Wind Signal #1 is in effect.
HAZARDS AFFECTING COASTAL WATERS
In the next 24 hours, Tropical Depression "JOLINA" may bring moderate to rough seas (1.2 to 2.8 m) over the eastern seaboard of Visayas and Mindanao. Mariners of small seacrafts are advised to take precautionary measures when venturing out to sea. Inexperienced mariners should avoid navigating in these conditions.
TRACK AND INTENSITY OUTLOOK
<ul style="list-style-type: none"><li>Tropical Depression "JOLINA" is forecast to move westward or west-southwestward in the very short term before turning generally northwestward. On the forecast track, the depression will track generally northwestward parallel to the east coast of the country until it makes landfall over Northern Luzon by Friday (10 September). However, the public is advised to continue monitoring for possible changes in the track forecast in the succeeding bulletins.</li><li>"JOLINA" is forecast to remain a tropical depression until its potential landfall over Northern Luzon, when it is forecast to weaken into an area of low pressure.</li></ul>

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

Unless an intermediate bulletin is released, the next tropical cyclone bulletin will be issued at 11:00 AM today.
