**TROPICAL CYCLONE BULLETIN NO. 26F**  
**Severe Tropical Storm “JOLINA” (CONSON)**

Issued at 11:00 PM, 09 September 2021

**TROPICAL CYCLONE WIND SIGNALS IN EFFECT**

No Tropical Cyclone Wind Signal is currently in effect.

**HAZARDS AFFECTING LAND AREAS**

**Heavy Rainfall**

- Severe Tropical Storm “JOLINA” and Typhoon “KIKO” will continue to enhance the Southwest Monsoon, bringing rains over the western sections of Southern Luzon and Visayas in the next 24 hours. For more information, see **Weather Advisory #3 for Southwest Monsoon** issued at 11:00 PM today.

**Severe Winds**

- The enhanced Southwest Monsoon will bring strong winds (strong breeze to near gale conditions) with occasional gusts over Palawan, Romblon and the coastal and upland/mountain areas of Visayas, Bicol Region, and Occidental Mindoro.

**HAZARDS AFFECTING COASTAL WATERS**

- In the next 24 hours, “JOLINA” and the enhanced Southwest Monsoon will bring rough to very rough seas (2.8 to 4.5 m) over the western seaboard of Palawan including Calamian and Kalayaan Islands. Sea travel is risky for small seacrafts over these waters. Mariners without the proper experience should immediately seek safe harbor. For more information, see the **Gale Warning #1** issued at 5:00 PM today.
- Moderate to rough seas (1.2 to 3.1 m) will prevail over the remaining western seaboard of Luzon. Mariners of small seacrafts are advised to take precautionary measures when venturing out to sea. Inexperienced mariners should avoid navigating in these conditions.

**TRACK AND INTENSITY OUTLOOK**

- “JOLINA” will continue moving generally westward over the West Philippine Sea tonight through Saturday. Afterwards, the storm will turn northwestward and head towards Vietnam.
- “JOLINA” is forecast to reach typhoon category tomorrow and will remain as such until Sunday, when it is expected to make landfall.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

Unless re-entry occurs, **this is the final bulletin for this tropical cyclone.** Succeeding updates will be incorporated in the 24-Hour Public Weather Forecast at 4:00 AM tomorrow.
