TROPICAL CYCLONE BULLETIN NR. 13

Tropical Depression MIRASOL

Issued at 5:00 AM, 18 September 2025

Valid for broadcast until the next bulletin at 11:00 AM today.

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

Up to moderate seas over the following coastal waters:

- **Up to 2.0 m:** The eastern seaboard of mainland Cagayan; the seaboards of Batanes, Babuyan Islands, Ilocos Norte, and Ilocos Sur; the western seaboard of Pangasinan
- **Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

TRACK AND INTENSITY OUTLOOK

- Tropical Depression MIRASOL is forecast to continue moving generally west northwestward within the next 24 hours. This weather disturbance will exit the Philippine Area of Responsibility this morning or afternoon. Outside PAR, MIRASOL will continue moving generally northwestward towards southern China.
- MIRASOL is forecast to intensify and may reach tropical storm category today. This weather disturbance will likely remain as a tropical storm throughout the forecast period before weakening as it makes landfall over southern China by Saturday (20 September).

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 11:00 AM today.
