## TROPICAL CYCLONE BULLETIN NR. 7F

### Tropical Storm ISANG (KAJIKI)

Issued at 11:00 AM, 23 August 2025

#### OTHER HAZARDS AFFECTING LAND AREAS

##### Heavy Rainfall

Refer to Weather Advisory No. 8 issued at 11:00 AM today for the heavy rainfall outlook due to the Southwest Monsoon slightly enhanced by ISANG.

##### Severe Winds

The Southwest Monsoon slightly enhanced by ISANG will bring strong to gale-force gusts over the following areas (especially in coastal and upland areas exposed to winds):

- **Today:** Batanes, Babuyan Islands, Ilocos Region, Cordillera Administrative Region, Zambales, Bataan, Lubang Island, Romblon, and Kalayaan Islands.
- **Tomorrow (24 August) and Monday (25 August):** Kalayaan Islands.

#### HAZARDS AFFECTING COASTAL WATERS

##### 24-Hour Sea Condition Outlook

No Gale Warning hoisted at this time.

Up to rough seas over the following coastal waters:

- **Up to 3.5 m:** The seaboard of Ilocos Region
- Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced or operating ill-equipped vessels.

Up to moderate seas over the following coastal waters:

- **Up to 2.0 m:** The seaboard of Cagayan Valley and Kalayaan Islands; the western seaboard of Zambales, Bataan, and Lubang Island; the northwestern seaboard of Occidental Mindoro.
- Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.

#### TRACK AND INTENSITY OUTLOOK

- Tropical Storm ISANG will continue moving westward throughout the forecast period. It is forecast to make landfall or pass close to Hainan, China tomorrow (24 August) afternoon or evening.
- ISANG will continue to intensify throughout the forecast period and reach severe tropical storm category this afternoon or evening. Furthermore, it may reach typhoon category tomorrow evening.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

With this development and unless re-entry occurs, this is the final tropical cyclone bulletin. Succeeding updates will be incorporated in the 24-Hour Public Weather Forecast issued at 4:00 AM and 4:00 PM daily.
