| 72-Hour Forecast 2:00 PM 11 October 2025 | 28.2 | 130.4 | 1,195 km Northeast of Extreme Northern Luzon (OUTSIDE PAR) | 95 | STS | NNW 10 |

TROPICAL CYCLONE ADVISORY NR. 1

Tropical Storm NAKRI

Issued at 5:00 PM, 08 October 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

GENERAL OUTLOOK FOR THE FORECAST PERIOD

- NAKRI is forecast to move generally north northwestward to northwestward for the next 24 hours. It may enter the Philippine Area of Responsibility (PAR) tomorrow (09 October) afternoon or evening and **will be given a local name "QUEDAN"**.
- Inside PAR, QUEDAN will continue moving generally northwestward and may exit PAR on Friday (10 October) early morning.
- This weather disturbance may reach severe tropical storm category by Saturday (11 October) as it approaches the Ryukyu Islands of Japan.
- NAKRI is less likely to directly affect the weather and sea conditions in the country throughout the forecast period. No Tropical Cyclone Wind Signal will be raised for this tropical cyclone.** However, the Intertropical Convergence Zone (ITCZ) and the northeasterly windflow will bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):
 - Tomorrow (09 October):** Batanes, Babuyan Islands, Ilocos Norte, Palawan, Negros Island Region, Central Visayas, Leyte, Southern Leyte, Caraga, Northern Mindanao, Zamboanga Peninsula, BARMM, SOCCSKSARGEN, Davao del Sur, and Davao Oriental.
 - Friday (10 October):** Batanes, Babuyan Islands, Ilocos Norte, Palawan, Negros Oriental, Siquijor, Cebu, Bohol, Leyte, Southern Leyte, Eastern Samar, Dinagat Islands, Surigao del Norte, Northern Mindanao, Zamboanga del Norte, Davao del Sur, and Davao Oriental.
 - Saturday (11 October):** Ilocos Norte, Palawan, Romblon, Masbate, Western Visayas, Negros Island Region, Central Visayas, Zamboanga del Norte, Misamis Occidental, and Davao Oriental.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to continue monitoring for updates related to this tropical cyclone.

Unless there is an intermediate issuance, the next tropical cyclone advisory will be issued at 11:00 PM today.
