

TROPICAL CYCLONE BULLETIN NR. 3

Tropical Depression ISANG

Issued at 5:00 PM, 22 August 2025

Valid for broadcast until the next bulletin at 8:00 PM today.

"ISANG" SLIGHTLY DECELERATES AS IT CONTINUES TO CROSS THE QUIRINO PROVINCE.

Location of Center (4:00 PM)

The center of Tropical Depression ISANG was estimated based on all available data including those from Baler Doppler Weather Radar **in the vicinity of Aglipay, Quirino (16.5°N, 121.6°E)**.

Intensity

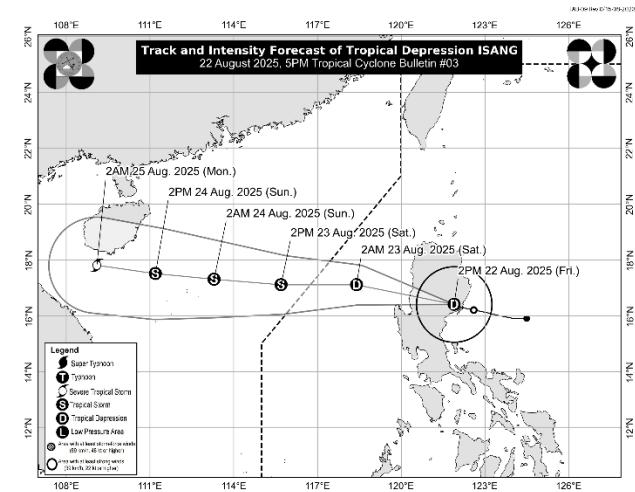

Maximum sustained winds of **55 km/h** near the center, gustiness of up to **90 km/h**, and central pressure of **1002 hPa**

Present Movement

West northwestward at 15 km/h

Extent of Tropical Cyclone Winds

Strong winds extend outwards up to 200 km from the center

TROPICAL CYCLONE BULLETIN NR. 3

Tropical Depression ISANG

Issued at 5:00 PM, 22 August 2025

Valid for broadcast until the next bulletin at 8:00 PM today.

OTHER HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

Refer to Weather Advisory No. 5 issued at 5:00 PM today for the heavy rainfall outlook due to ISANG and the Southwest Monsoon.

Severe Winds

The wind signals warn the public of the general wind threat over an area due to the tropical cyclone. Local winds may be slightly stronger/enhanced in coastal and upland/mountainous areas exposed to winds. Winds are less strong in areas sheltered from the prevailing wind direction.

- **Minimal to minor impacts** from strong winds are also possible within any of the areas under Wind Signal No. 1.

The Southwest Monsoon slightly enhanced by ISANG will bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):

- **Today:** Zambales, Bataan, Metro Manila, CALABARZON, MIMAROPA, Camarines Norte, Camarines Sur, Catanduanes, Burias Island, Western Visayas, Negros Island Region, Central Visayas, Dinagat Islands, Southern Leyte, Surigao del Norte, and Camiguin.
- **Tomorrow (23 August):** Batanes, Cagayan, Ilocos Region, Cordillera Administrative Region, Zambales, Bataan, Tarlac, Pampanga, Bulacan, Metro Manila, Cavite, Rizal, Palawan, Occidental Mindoro, Romblon, Burias Island, Camarines Sur.
- **Sunday (24 August):** Kalayaan Islands.

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

No Gale Warning hoisted at this time.

Up to rough seas over the following coastal waters:

- **Up to 3.0 m:** The seabards of Batanes and Cagayan.
- **Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced or operating ill-equipped vessels.**

Up to moderate seas over the following coastal waters:

- **Up to 2.5 m:** The seabards of Isabela, Ilocos Norte, and Ilocos Sur.
- **Up to 2.0 m:** The seabards of Aurora and Zambales; the western seabards of Bataan and Lubang Island.
- **Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

TRACK AND INTENSITY OUTLOOK

- Tropical Depression ISANG will traverse Northern Luzon and emerge over the West Philippine Sea tonight, and eventually exit the Philippine Area of Responsibility tomorrow (23 August) morning or afternoon.
- ISANG is forecast to intensify into a tropical storm tomorrow morning and may reach severe tropical storm category while approaching the waters south of Hainan, China. However, intensification into a tropical storm at a much earlier time (e.g., several hours after emerging over the West Philippine Sea) is not ruled out.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 8:00 PM today.
