TROPICAL CYCLONE BULLETIN NR. 9

Severe Tropical Storm NANDO (RAGASA)

Issued at 11:00 PM, 19 September 2025

Valid for broadcast until the next bulletin at 5:00 AM tomorrow.

TROPICAL CYCLONE WIND SIGNALS (TCWS) IN EFFECT

No Wind Signal currently hoisted.

OTHER HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

Refer to Weather Advisory No. 1 issued at 11:00 PM today for the heavy rainfall outlook due to Tropical Cyclone NANDO.

Severe Winds

NANDO may enhance the Southwest Monsoon as it approaches the landmass. **Wind Signal No. 1 will be hoisted over Northern Luzon tomorrow (20 September) morning, and the highest Wind Signal that may be hoisted throughout its passage is Wind Signal No. 5.**

The Southwest Monsoon and the trough of NANDO will bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):

- **Tomorrow (20 September):** Bicol Region, Eastern Visayas, and Caraga
- **Sunday (21 September):** Zambales, Bataan, CALABARZON, Bicol Region, MIMAROPA, Visayas, Northern Mindanao, and Caraga
- **Monday (22 September):** Zambales, Bataan, CALABARZON, Bicol Region, MIMAROPA, Visayas, Northern Mindanao, Caraga, and Davao Occidental

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

Up to moderate seas over the following coastal waters:

- Up to 2.5 m: The eastern seaboards of Batanes, Cagayan including Babuyan Islands, Isabela, and Catanduanes.
- **Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

Coastal Inundation

Storm surge warning may be raised over the coastal waters of Northern Luzon tomorrow.

**TROPICAL CYCLONE BULLETIN NR. 9
Severe Tropical Storm NANDO (RAGASA)**

Issued at 11:00 PM, 19 September 2025

Valid for broadcast until the next bulletin at 5:00 AM tomorrow.

TRACK AND INTENSITY OUTLOOK

- NANDO is forecast to move generally northwestward until tomorrow before turning west northwestward towards Extreme Northern Luzon. On the forecast track, the center of NANDO may pass close or may make landfall over Batanes or Babuyan Islands between Monday (22 September) afternoon or evening. It may exit the Philippine Area of Responsibility by Tuesday (23 September) morning or afternoon.
- NANDO will continue to intensify while over the Philippine Sea. It may reach typhoon category tomorrow and super typhoon by Monday before its close approach to Batanes-Babuyan Islands.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 5:00 AM tomorrow.
