No Wind Signal currently hoisted.								

## TROPICAL CYCLONE BULLETIN NR. 1

### Tropical Storm QUEDAN (NAKRI)

Issued at 5:00 PM, 09 October 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

#### OTHER HAZARDS AFFECTING LAND AREAS

##### Heavy Rainfall Outlook

QUEDAN is less likely to directly affect the weather condition in the country.

##### Severe Winds

The southwesterlies, low pressure area (LPA 10c), and the northeasterly windflow may bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):

- **Today:** Batanes, Babuyan Islands, Ilocos Norte, Palawan, Negros Island Region, Central Visayas, Leyte, Southern Leyte, Caraga, Northern Mindanao, Zamboanga Peninsula, BARMM, SOCCSKSARGEN, Davao Occidental, Davao del Sur, and Davao Oriental.
- **Friday (10 October):** Batanes, Babuyan Islands, Ilocos Norte, Palawan, Negros Oriental, Siquijor, Cebu, Bohol, Leyte, Southern Leyte, Eastern Samar, Dinagat Islands, Surigao del Norte, Northern Mindanao, Zamboanga del Norte, Davao Occidental, Davao del Sur, and Davao Oriental.
- **Saturday (11 October):** Ilocos Norte, Palawan, Romblon, Masbate, Western Visayas, Negros Island Region, Central Visayas, Zamboanga del Norte, and Misamis Occidental

#### HAZARDS AFFECTING COASTAL WATERS

##### 24-Hour Sea Condition Outlook

QUEDAN is unlikely to affect the sea condition in the coastal waters of the country.

#### TRACK AND INTENSITY OUTLOOK

- QUEDAN is forecast to move generally northwestward and may exit PAR tonight or tomorrow (10 October) early morning.
- This weather disturbance is forecast to continue intensifying while approaching Ryukyu Islands.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 11:00 PM today.
