## TROPICAL CYCLONE BULLETIN NR. 2F

### Tropical Depression LANNIE

Issued at 11:00 AM, 06 September 2025

#### OTHER HAZARDS AFFECTING LAND AREAS

##### Severe Winds

The Southwest Monsoon slightly enhanced by LANNIE will bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):

- **Today:** Ilocos Region, Cagayan, and Isabela.
- **Tomorrow (07 September):** Ilocos Region, Cagayan, and Isabela.

#### HAZARDS AFFECTING COASTAL WATERS

##### 24-Hour Sea Condition Outlook

No Gale Warning hoisted at this time.

Up to moderate seas over the following coastal waters:

- Up to 2.5 m: The seaboards of Ilocos Region and Zambales.
- **Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

#### TRACK AND INTENSITY OUTLOOK

Tropical Depression LANNIE is forecast to move generally northwestward heading toward southern China. While moving over the West Philippine Sea, LANNIE will intensify into tropical storm tonight or tomorrow (07 September) early morning.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

With this development and unless re-entry occurs, this is the final tropical cyclone bulletin. Succeeding updates will be incorporated in the 24-Hour Public Weather Forecast issued at 4:00 AM and 4:00 PM daily.
