

TROPICAL CYCLONE BULLETIN NR. 17

Super Typhoon NANDO (RAGASA)

Issued at 8:00 PM, 21 September 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

NANDO SLIGHTLY INTENSIFIES WHILE MOVING TOWARDS EXTREME NORTHERN LUZON.

Location of Center (7:00 PM)

The center of the eye of Super Typhoon NANDO was estimated based on all available data at **410 km East of Aparri, Cagayan (18.7°N, 125.5°E)**.

Intensity

Maximum sustained winds of **195 km/h** near the center, gustiness of up to **240 km/h**, and central pressure of **920 hPa**

Present Movement

West northwestward at 15 km/h

Extent of Tropical Cyclone Winds

Strong to typhoon-force winds extend outwards up to 580 km from the center

Super Typhoon NANDO (RAGASA)

Issued at 8:00 PM, 21 September 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

OTHER HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

Refer to Weather Advisory No. 8 issued at 5:00 PM today for the heavy rainfall outlook due to Tropical Cyclone NANDO and the Southwest Monsoon.

Severe Winds

The wind signals warn the public of the general wind threat over an area due to the tropical cyclone. Local winds may be slightly stronger/enhanced in coastal and upland/mountainous areas exposed to winds. Winds are less strong in areas sheltered from the prevailing wind direction.

- **Moderate to significant impacts** from storm-force winds are possible within any of the areas under Wind Signal No 3.
- **Minor to moderate impacts** from gale-force winds are possible within any of the areas under Wind Signal No. 2.
- **Minimal to minor impacts** from strong winds are possible within any of the areas under Wind Signal No. 1.

The highest Wind Signal that may be hoisted throughout the passage of NANDO is Wind Signal No. 5.

The Southwest Monsoon and the trough of NANDO will bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):

- **Today:** Metro Manila, Central Luzon (areas not under wind signal), CALABARZON, Bicol Region, MIMAROPA, Visayas, Northern Mindanao, Zamboanga Peninsula, Caraga, Davao Occidental, and Davao Oriental.
- **Tomorrow (22 September):** Metro Manila, Central Luzon (areas not under wind signal), CALABARZON, Bicol Region, MIMAROPA, Visayas, Northern Mindanao, Caraga, Zamboanga Peninsula, BARMM, SOCCSKSARGEN, Davao Occidental, and Davao Oriental.
- **Tuesday (23 September):** Metro Manila, Central Luzon (areas not under wind signal), CALABARZON, Bicol Region, MIMAROPA, Visayas, Northern Mindanao, Zamboanga Peninsula, and Dinagat Islands.

TROPICAL CYCLONE BULLETIN NR. 17

Super Typhoon NANDO (RAGASA)

Issued at 8:00 PM, 21 September 2025

Valid for broadcast until the next bulletin at 11:00 PM today.

HAZARDS AFFECTING COASTAL WATERS

A Gale Warning is in effect over the seaboard of Northern Luzon and the eastern seaboard of Central Luzon. Refer to Gale Warning No. 3 issued at 5:00 PM today.

24-Hour Sea Condition Outlook

Up to very rough, high, or very high seas over the following coastal waters:

- Up to 14.0 m: The seabards of Batanes and Babuyan Islands.
- Up to 10.0 m: The northern seaboard of mainland Cagayan and Ilocos Norte.
- Up to 7.0 m: The remaining seabards of mainland Cagayan and Ilocos Norte.
- Up to 5.5 m: The seaboard of Isabela and the northwestern seaboard of Ilocos Sur.
- Up to 4.5 m: The northeastern seaboard of Aurora; the remaining seaboard of Ilocos Sur.
- **Sea travel is risky for all types or tonnage of vessels. All mariners must remain in port or, if underway, seek shelter or safe harbor as soon as possible until winds and waves subside.**

Up to rough seas over the following coastal waters:

- Up to 3.5 m: The remaining seabards of Aurora; the northern and eastern seabards of Polillo Islands.
- Up to 3.0 m: The seabards of La Union, Pangasinan, Bataan, Lubang Island, and Camarines Norte; the northern seaboard of Camarines Sur; the northern and eastern seabards of Catanduanes
- **Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced of operating ill-equipped vessels**

Up to moderate seas over the following coastal waters:

- Up to 2.5 m: The eastern seabards of Albay and Sorsogon; the remaining seaboard of Camarines Sur; the northern and eastern seabards of Northern Samar and Eastern Samar; the seabards of Kalayaan Islands, Calamian Islands, and northern Palawan.
- **Mariners of motorbancas and similarly-sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions.**

Coastal Inundation

There is a **high risk of life-threatening storm surge** with peak heights **exceeding 3.0 m** within the next 36 hours over the low-lying or exposed coastal localities of Batanes, Cagayan including Babuyan Islands, Ilocos Norte, and Ilocos Sur. Refer to **Storm Surge Warning No. 7 issued at 8:00 PM today** for the details.

TRACK AND INTENSITY OUTLOOK

- NANDO will continue to move west northwestward today, before turning westward tomorrow (22 September) towards Extreme Northern Luzon. On the forecast track, the center of NANDO may pass close or may make landfall over Batanes or Babuyan Islands by tomorrow afternoon or evening. It may exit the Philippine Area of Responsibility by Tuesday (23 September) early morning.
- NANDO is forecast to further intensify before it approaches Extreme Northern Luzon.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 11:00 PM today.
